

FLUORTEN[®]
PTFE & Technopolymers manufacturing

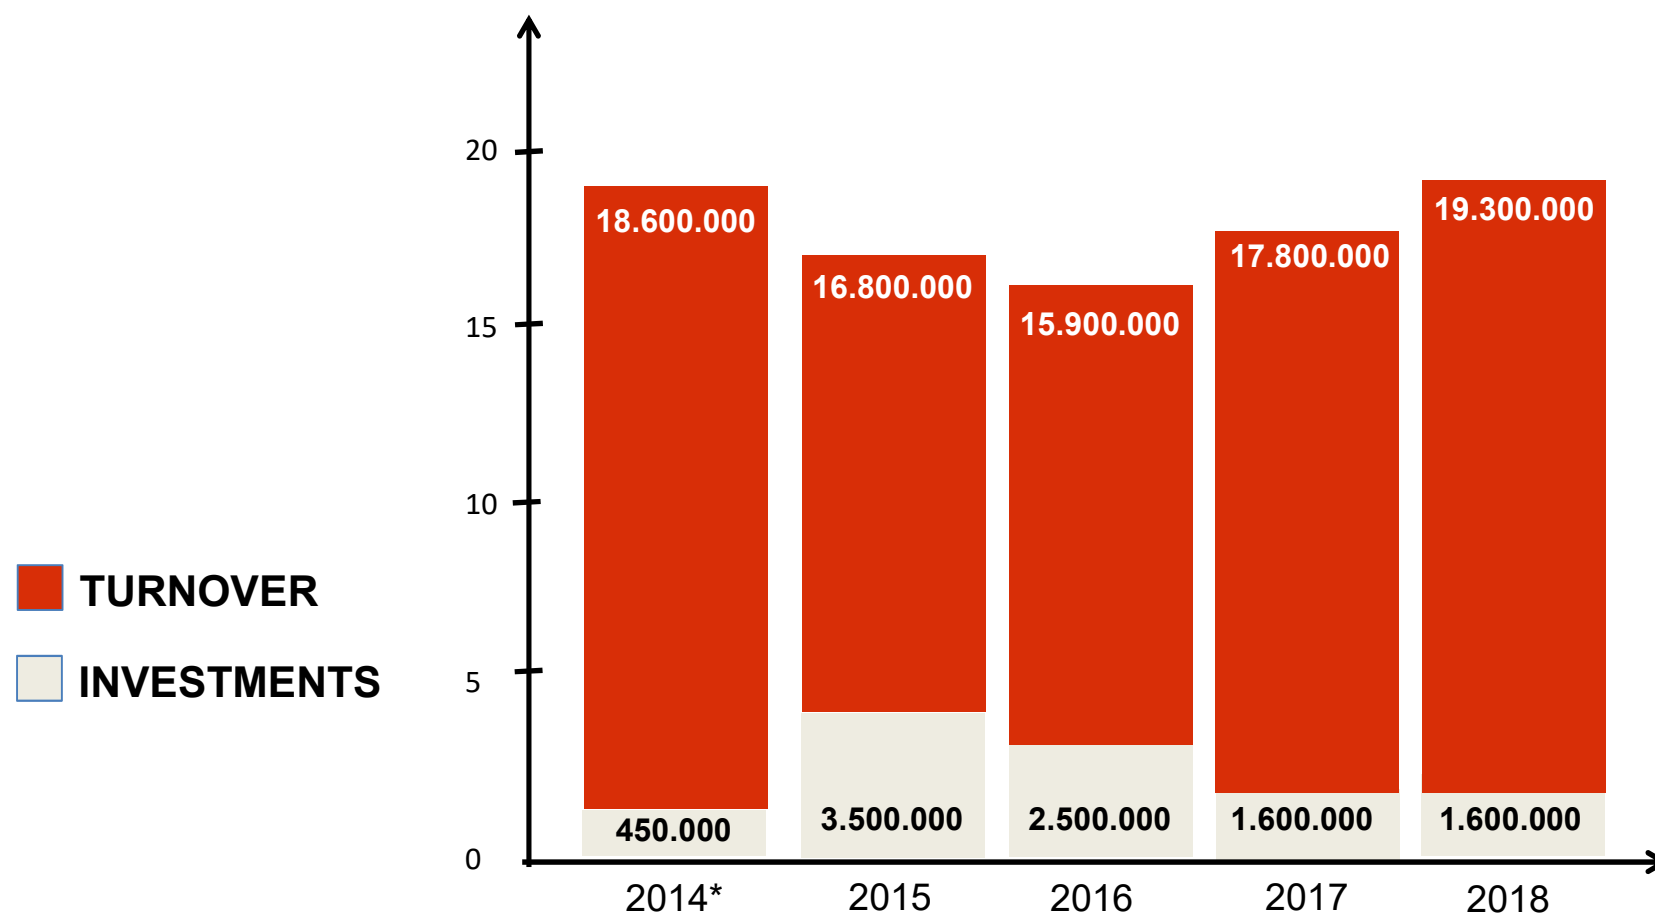

PTFE and HPP – High Performance Polymers –
solution partner for engineering components since 1966.
From 1st quality grades raw materials to stock shapes
and finished customized parts

Geography

Market shares

Sales offices and diffused local distributors worldwide

*Joining Sealcore Network and sold external company branch

Range

Top materials – 360° solution

PTFE

SGPPL
Rulon®

3M™

Dyneon™

TFM™

DuPont™
Vespel®

PCTFE

Victrex®
PEEK™

PA

POM

PVDF

PET

FEP

PFA

PSU

PE

PP

PC

Applications

Our Experience – Your benefits

**COMPRESSORS -
PUMPS**

AEROSPACE

INDUSTRIAL

AUTOMOTIVE

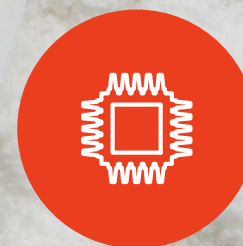

**CHEMICAL-
PHARMA-
MEDICAL**

FLUIDPOWER

OIL&GAS

**ELECTRONICS -
ELECTROMECH**

PTFE

customized stock shapes and machining
molding extrusion isostatic CNC skiving etching for bonding

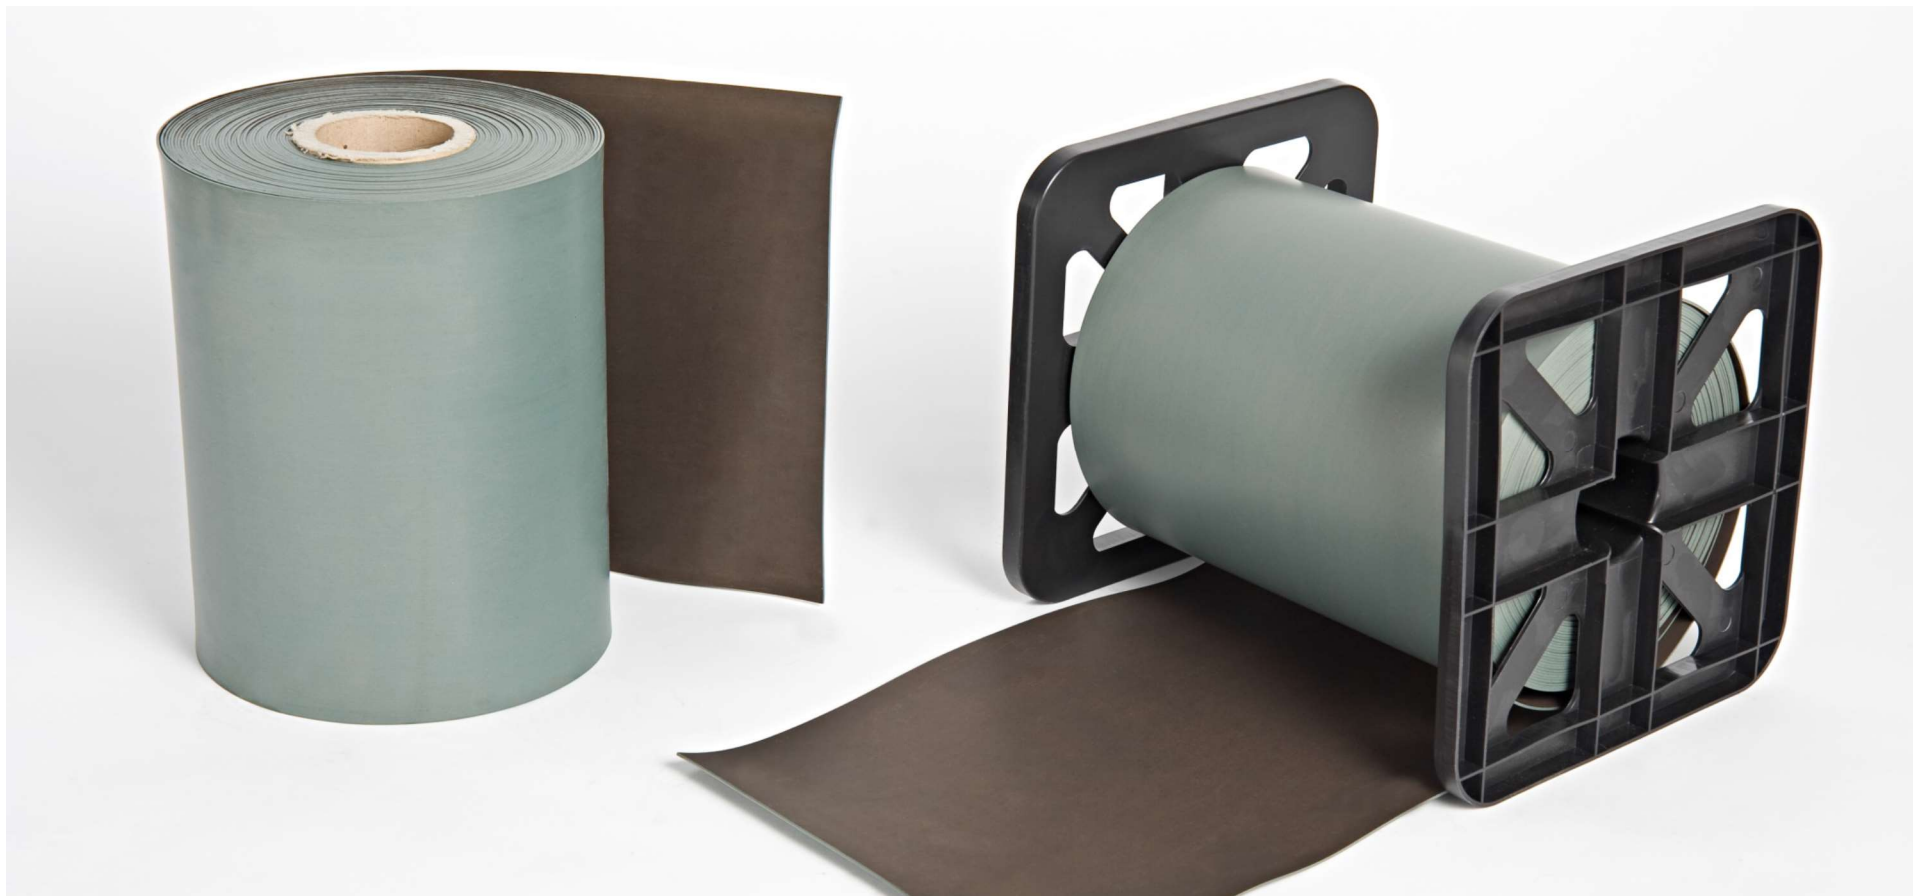

PTFE Fluidpower

Slipper rings seals – Fluor/S tapes - Tubes for CNC

PTFE Fluor/SC

etched tapes for CNC and machinery

Reciprocating Compressors

bearing piston rings seals valves plates

Oil Free Compressors

cup seals rings piston lining

Victrex PEEK[®] and PCTFE[™](-196°C)

tubes and CNC
(OD from 20 to > 1000 mm)

Victrex® PEEK™

injection and compressions molded tubes
(OD from 20 to > 1000 mm)

Valve industry

floating sealing trunnion insert rings bearings packings

Spring energized seal - SES -

in-house designing and manufacturing

PTFE Pads

bridge bearings EN-1337/2 sliding pads pipeline launching

Injection Molding customized parts

from molds designing and manufacturing to series production

Official Italian distributor:

DuPont® Vespel™

stock shapes direct forming CNC

Certifications

Top quality - Our standard

Norsok M710 Rev. 3
For Oil & Gas Industry

API 6A
For Oil & Gas Industry

STANDARD AND ENDLESS O-RINGS | ROTARY SHAFT OIL SEALS |
CUSTOM ARTICLES TO DWG. IN ELASTOMER AND RUBBER-TO-METAL |
LIQUID SILICON | PTFE AND HIGH PERFORMANCE TECHNOPOLYMERS |
SELF LUBRICATING BUSHINGS AND WASHERS

Large size and
Endless O-Rings in
various compounds,
produced with an
innovative
step-molding
method.

oringone.com

O-Rings in various
compounds with
many approvals and
certificates of quality.
From the automotive
to the hydraulic and
the food industry.

duciguarnizioni.com

Molds design and
manufacturing.
Injection molding of
custom made
articles
in technopolymers
and liquid silicon.

duepistampi.com

PTFE and High
Performance
Technopolymers.
Stock shapes and
customized
engineered
components.

fluorten.com

Rotary Shaft Oil
Seals and custom
made articles to
drawing
in elastomer and
rubber-to-metal.

fpparis.com

Special and large
size rotary shaft oil
seals for
applications in the
heavy duty industry.

atsoilseals.com

Self-lubricating
bushings and
washers for valves
and other
applications in the
hydraulic, energy
and metal industry.
